📍 10th of Ramadan, Giza, Egypt

### Summary

Innovative and deadline-driven React Frontend Developer with **over 3 years** of experience in designing and developing user-centered web applications from concept to final deliverable. Proficient in JavaScript, React.js, HTML5, CSS3, and responsive design, with a portfolio of **35+ successful projects**. Adept at collaborating with cross-functional teams to deliver exceptional user experiences. Seeking to leverage my expertise to contribute to dynamic development teams.

### Skills

- Technical Skills: React.js, Next.js, Redux, Context API, Hooks, React Router, Styled Components, CSS Modules, Tailwind CSS, SASS, Bootstrap, Material UI, HTML5, CSS3, JavaScript (ES6+), TypeScript, RESTful APIs, Axios, GraphQL, Node.js, Express.js, Firebase, Testing: Jest, React Testing Library, Performance optimization, Responsive Design, UX/UI Design, Figma, Version Control: Git, GitHub, Vite, Continuous Integration/Continuous Deployment (CI/CD), Agile/Scrum methodologies,
- Soft Skills: Problem-solving, Critical Thinking, Adaptability, Creativity, Time management, Attention to detail, Teamwork, Team collaboration, Leadership, Mentorship, Empathy, Open-mindedness, Prioritization, Resilience, Self-motivation, Excellent communication, Stakeholder management, Conflict resolution, Decision-making, Flexibility.

### Professional Experience

#### React Frontend Developer

#### Freelancer

10/2023 - Present

- Led the development and maintenance of 10+ React.js web applications.
- Collaborated on responsive designs using Figma, ensuring user-friendly UI/UX.
- Developed Single Based Applications (SPAs) with React Router.
- Achieved a 47% performance improvement and reduced loading times by over 8 times.

#### Frontend Internship

#### Almdrasa

Online 09/2023 - 06/2024

- Completed over 30 projects in a 6+ months program focused on ReactJS and frontend technologies.
- Gained 25+ certificates through 22 practical courses, mastering programming fundamentals, and ReactJS.
- Built a professional portfolio, LinkedIn, and GitHub to showcase skills, enhancing employability.

### Education

#### Bachelor of Biomedical Engineering

#### Cairo University Faculty of Engineering

Egypt 09/2021 - 06/2026

- Major in Web Development

GPA: 3.7

### Projects

- **Reddit-Clone:** Reddit-Clone: Developed in the **Software Engineering** course by a team of **18 students**, replicating Reddit's core features using React for the frontend. Enabled users to post, comment, upvote and more! [Repo](#) | [Organization](#)
- **E-commerce Platform:** Built using React, Firebase, Tailwind CSS, Material UI and Figma (17 days). [Live Demo](#) | [Repo](#)
- **MERN Stack ChatGPT Project:** React, MUI, Vite, Node.js, API integration (20 hours). [Video Demo](#) | [Repo](#)
- **Around the World:** React, Tailwind CSS, RESTful APIs for country info (30 hours). [Live Demo](#) | [Repo](#)
- **Hospital Management System:** Developed during a challenging **Database** course by a team of **5 students**, this project transformed healthcare operations, streamlining patient care and departmental operations. Achieved, showcasing diligence and commitment. [Repo](#)

### Certifications

- Frontend Professional Diploma: 4 Tracks | 22 Courses | [Certification](#) | [Diploma](#)
- React: Basics to Advanced Track : 3 courses: React Basics, React deep dive, React Projects. | [Certification](#)
- JavaScript: Basics to Advanced Track : 4 courses: Fundamentals, Intermediate, Advanced Projects. | [Certification](#)
- Git and GitHub Course: [Certification](#)
