Summary

As a **Frontend Engineer** with over two years of experience, I have completed **50+ projects**, improving efficiency and ROI. By optimizing performance, integrating secure **APIs**, and reducing load times, I have **led teams** to achieve a **47% performance boost**, consistently delivering measurable **business results** and enhancing user satisfaction.

Skills

- Technical: React, Next.js, Redux, Tailwind CSS, JavaScript, TypeScript, React Query, RESTful APIs, Docker, Node.js, PostgreSQL, UX/UI Design, Figma, Git, CI/CD, Agile Methodologies.
- Soft: Problem-solving, Leadership, Time Management, Collaboration, Communication, Adaptability, Flexibility.

Professional Experience

Frontend Engineer (Full-time) Requeue App Saudi Arabia, Remote **10/2024 - Present**

- Designed and managed **scalable architecture**, improving system resilience and increasing ROI by 20%.
- Collaborated with **cross-functional teams** to implement new features, boosting user engagement by 30%.
- Promoted **best coding practices**, ensuring smooth, timely project delivery and improved performance.

Frontend Developer Freelancer **10/2023 - Present**

- Delivered **7+** React/Next.js apps, boosting performance by **47%** and cutting load times by 8+ seconds.
- Enhanced UX and secured API integrations, improving user engagement and system reliability.

Frontend Engineer (Part-time) Innovay.io Egypt, Remote **12/2024 - 6/2024**

- Led **Agile** teams, improving project delivery speed by 25% and cutting development costs by 15%.
- Optimized performance, reducing load times by 87%, significantly enhancing user experience.
- Streamlined **API integrations**, boosting scheduling efficiency by 30% and ensuring seamless data sync.

Coding Instructor iSchool Hybrid **06/2024 - 09/2024**

- Led **60+** sessions, upskilling students in programming, resulting in improved course completion rates.

Frontend Internship Almdrasa Remote **09/2023 - 06/2024**

- Completed **30+** projects; earned **25+** certificates, increasing technical proficiency by **70%**.

Education

Bachelor of Biomedical Engineering Cairo University **GPA: 3.3** **09/2021 - 06/2026**

Projects

- **Matjar Al Haram**: Built a responsive, multi-language e-commerce platform for Mecca with a custom admin panel, using React Query, JWT, OTP, Moyaser payments, Redis caching, and Docker. [Domain](#) | [Live Demo](#)
- **Telemed App: Next.js** (TS) Real-time video consultations and appointment management. [Live Demo](#) | [Repo](#)
- **Bidayya**: A React (TS) platform designed from **Figma**, API integration. (1 month) [Video Demo](#) | [Repo](#)
- **E-commerce Platform**: React, Firebase, Tailwind, Material UI and Figma. (17 days) [Live Demo](#) | [Repo](#)
- **Reddit-Clone**: Developed in the **SWE** course at CUF by a team of **18 students** [Video Demo](#) | [Repo](#)

Certifications

- **Frontend Professional Diploma (Top Graduates)**: 4 Tracks | 22 Courses | [Certification](#) | [LinkedIn Post](#)
- **React: Basics to Advanced Track** : 3 courses: React Basics, React deep dive, React Projects. [Certification](#)
